LIVE AT FLEMMINSBURG

A pretty June wedding was that of Miss Nelle Bright and Mr. Edmund Wroe, which took place Wednesday afternoon at the home of the bride's parents, Mr. and Mrs. J. J. Bright.

The hall was tastefully decorated with trailing vines and ferns, and in the parlor, palms, pink roses and carnations were artistically arranged. Mrs. C. L. Ayers and Miss Sallie Harrison assisted in receiving the guests.

The bridal party came down the stairs and entered the parlor, where the ceremony was performed.

Mrs. Oscar Davison, sister of the bride was matron of honor and the ribbon-bearers were: Miss Lucile Howell, of Valdosta, Mrs. Hettie Gunter, of Social Circle, and Misses Bessie and Lottie May Ayers, of Toccoa. Mr. Oscar Davison, of Athens, was best man, and the bride was given away by her father.

The ceremony was performed by Dr. M. M. Riley, of Gainesville, the beautiful ring ceremony being used. Miss Edna Graves played the Mendelssohn and Lohengrin wedding marches, and also rendered pretty soft music during the ceremony.

Later, an informal reception was held. Punch was served by little Misses Lucie Lawrence and Edith Tabor, who wore pretty pink silk frocks, with pink ribbons in their hair.

Ice-cream and cake were served, Misses Esther Kilgo, Cooper and Martha Edwards and Erma Lee Harris assisting in serving.

Miss Bright was lovely in her beautiful wedding gown of white messaline satin, her tulle veil held in place with a wreath of orange blossoms, and she carried a shower bouquet of bride roses and lilies of the valley. She wore a beautiful diamond brooch, set with pearls, the present of the groom. Mrs. Davison, the bride's sister, wore a becoming gown of pink silk mulle. Her for-get-me-nots in her beautiful corsage and her bouquet was of pink carnations.

Miss Lucile Howell wore a pretty white lingerie gown with pink shoes, gloves and slippers, and pink tulle in her hair.

Mrs. Gunter, (nee Miss Hettie Caron) wore a lacy gown of white, with pink accessories also.

Miss Bessie Ayers looked pretty in a gown of all-over baby Irish lace, over silk with pink.

Miss Lottie May Ayers wore a pretty dress of cream net over silk, with pink accessories.

Miss Edna Graves wore a lovely white lingerie dress.

The bride's traveling costume was a dark-blue tailored suit, with chic little hat of blue to match.

The presents, remarkable for their variety, were numerous and beautiful.

The bride is a pretty and attractive young lady, who has been an efficient teacher in the Toccoa school in the past two years, and always interested in Sunday school and church work being a member of the first Baptist church of this city. She will be greatly missed in Toccoa by a large circle of friends.

Mr. Wroe is a popular young man, of Flemmingsburg, Ky., where he is principal of the High School, and a very successful educator. He and his bride left at 3.15 o'clock for a wedding tour after which they will make their home in Flemmingsburg.—Toccoa Record

CLEAN SHOW NO GAMBLING

This is the Positive Announcement of The Breckenridge Fair Association As Their Determination For The Agricultural Live Stock Show.

WANTS CITIZEN'S INTEREST.

After three years of experience in conducting what can easily be made the leading annual County Livestock and Agricultural Exposition of Kentucky, the management of the Breckenridge Fair Association convinced of the weight of their argument and the soundness of the principle, yields to the demand of a large majority of the Fair's patrons that gambling in any form be hereafter prohibited on the Association's grounds. While practically every county fair in the State permits some of these games to run, and while the shows obtainable are not of the highest class, yet we feel that we can absolutely prohibit gambling and can obtain good, interesting and instructive amusements for all. Therefore the management hereby pledges itself to an effort to eradicate any and all things which may have heretofore existed that were objectionable, improper or immoral in any way.

It is our desire and purpose to encourage every citizen of Breckenridge county to display some product at the Fair and to lend to us his good will and helpful influence. A little retrospective thinking upon the mind of any fair man the inestimable benefits that our Fair has been to the livestock and agricultural interests of our county aside from the social pleasures and good results of social intercourse. We would make our Fair an annual homecoming and family and neighborhood reunion; make it a happy and helpful meeting place for the exchange of pleasant and profitable ideas.

We propose to exert ourselves to the limit of our capacities and means to put up the biggest and best agricultural show ever held in the county, and there will be plenty of wholesome and innocent entertainment for the young and the old on the grounds. We ask that each citizen let his pride assert itself in one great and united effort to show to the outside world the class and accomplishment of our citizenship.

Respectfully,
C. V. Robertson, President.
M. B. Kincheloe, Secretary.

To Fight Removal. Notifies Prison Commission and May Take Matter Into The Courts

Frankfort, Ky. July 8.—Gus W. Richardson of Meade county, former State Senator and well known Democratic politician, who for two years has been superintendent of the farming Department of the State Reform School, in Fayette county, was here today to notify the State Prison Commission that he would not accept an order from them dismissing him from that position.

The Board recently announced the appointment of former State Senator W. O. Coleman of Henry county, as superintendent of the farm. Richardson maintains that he was appointed for a term of four years and that he cannot be removed without cause. He says his removal in the middle of the season would work to the disadvantage of the crop of the Reform School. He will likely take the matter into court. Lexington Herald.

DISTRESSING

Accident To Henry Black—Gas Tank To His Soda Fountain Explodes While Being Recharged With Awful Result.

At an early hour Thursday morning Mr. Henry Black met with an accident, and his escape from death was miraculous. He conducts a little grocery and confectionery on Main-cross street, and at the time of the incident was charging a gas tank to his soda fountain. Not having a gauge on the gas drum, the pressure became so strong that an explosion resulted. Mr. Black was in the back yard, and the concussion was so strong when the tank let go that he was thrown five or six feet. He was at once taken to the office of Dr. Standish, where he and Dr. Heavrin dressed his wounds. It was found that Mr. Black was bruised pretty much all over, the worst injury being to his left wrist, which was cut and torn to the bone. One side of the air drum hit his stomach and he is considerably bruised there. Many other wounds are noted about his body, but it is not believed that the injuries will be fatal.

The wound on the wrist was sewed up, and Mr. Black was very weak from the loss of blood. His escape is said to have been miraculous.

The explosion was heard nearly all over town and was very strong. It blew the side of the house out where he had the gas drum, and the entire corner of the street trembled when the explosion came. Mr. Black was taken back to his residence, and is now getting along very nicely.—Hancock Clarion.

HAWESVILLE

Was As Dry As A Bone For Twenty-Four Hours—Water Works Company Turned Off Entire Supply.

The waterworks trouble reached a climax on Tuesday night when Mr. W. H. Williams, Manager of the corporation, turned off the entire supply of the mains, thereby depriving every consumer in town of the use of water. This came after a meeting of the City Council Tuesday night, when the water works muddle was again up for discussion, but nothing was done. The shutting off of the water soon followed the adjournment of the Council, and is believed to have been done in order to force the public to demand a contract of the Council with the water company. On Wednesday morning when it was found that no one had water, a great deal of street discussion followed, and the Council was again called in special session that evening to discuss the question. Mr. Williams and many citizens were before the body, after a great deal of wrangling an agreement was reached whereby he is to accept at the rate of \$350 per year for the rest of this year, the question to be submitted to the voters whether or not they will continue as patrons of the water company for ten years at the rate of \$350. The question will be submitted to a vote in November. The water was again turned on late in the same day, and this is only a temporary truce patched up between the city council and the water company, they having failed to agree for several years.—Hancock Clarion.
